

## Asheesh Sood, MD, a Gastroenterologist with Harford Gastroenterology Associates

Get to know Gastroenterologist Dr. Asheesh Sood, who serves patients throughout the State of Maryland.

**New York City, New York Jun 28, 2022 ([IssueWire.com](https://www.IssueWire.com))** - A knowledgeable gastroenterologist, Dr. Sood is in practice at Harford Gastroenterology Associates, seeing patients in Abingdon and Havre de Grace, Maryland. He also holds medical privileges at Upper Chesapeake Medical Center and Harford Memorial Hospital.

Harford Gastroenterology Associates is comprised of an experienced, highly skilled team of digestive disease doctors and medical practitioners with one goal in mind: to provide patients with the very best health care, carefully and compassionately tailored to their unique health situation and needs.

Originally from India, Dr. Sood graduated with his Bachelor of Medicine, and Bachelor of Surgery degree from the Guru Nanak Dev University in 1988, and completed his internship at the Gujarat University Civil Hospital. After relocating to the United States, he completed his residency in internal medicine at the St. Barnabas Medical Center in 1997, and his fellowship in gastroenterology at the New York Presbyterian Medical Center in 2002.

As a testament to his continued education, the doctor is board-certified in gastroenterology and internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Professionally, he is an active member of the American College of Gastroenterology, the American Gastroenterology Association, the American Society for Study of Liver Disease, and the American Society of Gastrointestinal Endoscopy.

Gastroenterology is the branch of medicine focused on the digestive system and its disorders. A gastroenterologist is a physician who has extensive training in the diagnosis and treatment of disorders related to the esophagus, stomach, small intestines, colon, liver, pancreas, and biliary system.
