“I want an event that is catered to the off-roading community. One that adds to the experience of visiting the parks we already love and know. So many events in the industry cater to the event itself and not those who attend it. I want to change that! At my events, you will have access to off-road vendors and parts, various options for food, the opportunity to win top-of-the-line prizes/raffles, contests and so much more. The event is scheduled around prime riding time, the reason we are all here! An event where nobody has to choose between riding and what the event has to offer!” -X3Tiffany

“We anticipate an attendance upwards of about 7,500 – 8500 guests at the event,” said [Steven Newsome](#), owner and president of Rush Cartel Group LLC. “The location, details, and line-up of this event have been unveiled on social media.

Multiple Eastern Kentucky counties, cities, towns, and countless businesses stand to benefit greatly not only from the influx of tourists but from the national exposure this event will bring with it. An event of this magnitude has never been held out here in Eastern Kentucky and we feel confident that this will become an annual event.”
