

OXO Packaging Launched the New Counter-top Display Boxes with Foil Stamping

Foil Stamping New Counter-top Display Boxes

Sydney, New South Wales Jun 22, 2022 ([Issuewire.com](https://www.issuewire.com)) - OXO Packaging is known to be one of the best packaging companies working all across Australia. They offer highly affordable yet high-quality packaging boxes. For branding and marketing goals, all brands are increasingly concentrating on the packaging.

“[Display Packaging Boxes](#) are already the most loved packaging amongst the buyers. Not only because they can see, touch, and smell the product they are about to buy but also because display boxes are attractive and appealing. We thought of combining the two appealing things to make something that isn't only mesmerising but productive too, hence we launched these foil stamping display boxes”, said the product manager of OXO Packaging.

High-quality display boxes are a great way to promote your products in stores and counters. Products speak for themselves in an open box that carries your products and informs your customers about them. This type of packaging that can be transformed into any shape and hung firmly on a wall or door is the

best way to show off what you have in your business. Display boxes are a successful way to help consumers focus on your product.

“Foil stamping is the use of heat and pressure to apply metal prints and foil to materials such as plastic, paper, and cardboard. It can be used to create various textures on media such as metallic, matte, glossy, and holographic textures. Our customers are very creative and love buying creative things and since the packaging is the first thing to get noticed, why not make it talkative”, said the principal designer OXO Packaging when enquired about the new foil stamping addition to display packaging boxes.

About OXO Packaging

OXO Packaging offers all kinds of packaging boxes and wholesale packaging services at the most affordable and pocket-friendly prices across Australia. Founded in 2017, the company offers customised packaging boxes for bakeries, cosmetics, electronic accessories, fast food, groceries, jewellery, [Candle Boxes](#), and many related products. Not only are the custom boxes made of high-quality materials, but they also maintain high-quality printing for small or large orders.
