

Vonne Jones, MD, FACOG, an Obstetrician-Gynecologist with Total Women's Care

Get to know Obstetrician-Gynecologist Dr. Vonne Jones, who serves patients in Houston, Texas.

New York City, New York Jun 1, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dr. Jones is a dedicated, board-certified physician, providing obstetric and gynecological care to women at Total Women's Care in Houston, Texas. Her goal is to add a new dimension to women's healthcare that targets the complete woman, not just parts of her.

At her practice, she offers the best resources and individualized treatment plans; in-office gynecological and obstetrical services, including annual exams, contraception, preconception counseling, minimally invasive options, hysteroscopy, laser excision procedure, and monitoring of high-risk pregnancies. She also provides lifestyle recommendations to change the way women feel about themselves before, during, and after pregnancy.

Always wanting to be a doctor, Dr. Jones completed her undergraduate degree at Houston Baptist University and completed medical school at Georgetown University. It was during her residency at Christiana Care Hospital - the only facility in Delaware with a Level 3 NICU - that she felt she learned how to take premier care of her patients. The desire to provide specialized women's care inspired her to establish Total Women's Care.

Recognized as a Fellow of the American College of Obstetricians and Gynecologists, the doctor is board-certified in obstetrics and gynecology at the American Board of Obstetrics and Gynecologists (ABOG). The ABOG is a non-profit organization that provides board certification for practicing obstetricians and gynecologists in the United States and Canada.

On a professional level, she is an active member of the Wheeler Baptist Church, the Harris County Medical Society, the American Association of Gynecologic Laparoscopists (AAGL), and the Alpha Kappa Alpha Sorority, Inc., and the Houston Chamber of Commerce. She can also be found on staff at Memorial Hermann Greater Heights and Memorial City, which is a part of the largest not-for-profit health system in Southeast Texas, where she performs deliveries and both inpatient and outpatient surgical gynecology.

Obstetrics and gynecology (OB-GYN) is the medical specialty that encompasses the two subspecialties of obstetrics (covering pregnancy, childbirth, and the postpartum period) and gynecology (covering the health of the female reproductive system – vagina, uterus, ovaries, and breasts).

When she isn't caring for her patients, Dr. Jones enjoys working out, dancing, listening to music, traveling, and spending time with family and friends. She also enjoys volunteering and being active in her community.
