

Cyndi Nguyen, DDS, an Oral & Maxillofacial Surgeon, NJ & PA

Get to know Oral & Maxillofacial Surgeon Dr. Cyndi Nguyen, who serves patients in South New Jersey as well as Philadelphia (late 2022)

New York City, New York Jul 28, 2022 ([IssueWire.com](https://www.issuewire.com)) - As a board-certified oral & maxillofacial surgeon, Dr. Nguyen will be opening Philadelphia Oral and Maxillofacial Surgery, a state-of-the-art Oral and Maxillofacial Surgery and Implant center with fully digital modern equipment in Northern Liberties in November, 2022. Her love for oral surgery has been demonstrated in the optimal care, continued education, and compassion for her patients.

With a broad educational background, Dr. Nguyen earned her Doctor of Dental Surgery degree from the Louisiana State University School of Dentistry in 1997 with distinguished awards in Prosthodontics, Endodontics, and Operative Dentistry. Because of her passion for surgery, she went on to complete a five-year internship and residency in Oral and Maxillofacial Surgery at Temple University Hospital.

As a testament to her success, she earned her Diplomate with the American Board of Oral and Maxillofacial Surgeons, and a Diplomate from the International Congress of Oral Implantologists. She has earned fellowships in the Academy of General Dentistry and the American Academy of Oral & Maxillofacial surgery.

She has taken extensive hours of continued education, both internationally and nationally, in implantology and hard and soft tissue grafting, and is a faculty member of the prestigious Misch Implant Institute. She has earned her diploma in the International Congress of Oral Implantologists, a worldwide recognized organization.

Remaining up to date in her surgical field, Dr. Nguyen is an active member of the American College of Oral and Maxillofacial Surgeons, the Pennsylvania Society of Oral and Maxillofacial Surgeons, the New Jersey Society of Oral and Maxillofacial Surgeons, International Congress of Oral Implantologists, and the American Academy of Implant Dentistry.

In addition to her clinical role, she believes in giving back to the community. She has been involved in several mission trips to provide oral surgery and restorative care in Northern Africa, Southern Asia, and Indian Navajo reservations in Arizona.

Oral and Maxillofacial Surgery specializes in surgery of the face, mouth, and jaws. It is an internationally recognized surgical specialty. Oral and Maxillofacial Surgeons are dental specialists who treat conditions, defects, injuries, and esthetic aspects of the mouth, teeth, jaws, and face. Their training involves a four-year graduate degree in dentistry and the completion of a minimum four-year hospital surgical residency program.

Dr. Nguyen has a unique skill that most Oral and Maxillofacial Surgeons do not have. She actually practiced for almost 13 years as a General Dentist prior to her endeavors in surgery. This synergistic knowledge of Oral Surgery and General Dentistry offers a higher level of care.

Look for the opening of the Philadelphia Oral and Maxillofacial Surgery and Implant Center this Fall of 2022. Dr. Nguyen and Dr. Spalla will deliver you a level of care and compassion that you will get with no other surgeons.
