

E-Paper Display Market is expected to grow at 17.3% CAGR

THE RESEARCH INDUSTRY

E-Paper Display Market – Global Opportunity Analysis and Industry Forecast, 2018 – 2028

Segment By Product, Ink Type, Application,
Region & Country

CAGR (2018–2028)

Market By Coverage

- ✓ **Region:** North America, Europe, North America, South America, Middle East & Africa
- ✓ **Country:** Top countries covered
- ✓ **Market Dynamics:** Market Drivers, Opportunities, Restraints, Challenges
- ✓ **Competitive Landscape & Company Profiles:** 10 Major Companies
- ✓ **Market Shares** for 2020, 2021 (est.), 2027 (f) & key recent developments
- ✓ **Porter's five forces analysis**
- ✓ **Impact of Covid-19 pandemic on the market**

Global Market CAGR%: 2018 – 27
17.3%

Largest Market CAGR%: 2018 – 27
XX%

Fastest Growing Market CAGR%: 2018 – 27
XX%

Key Players: Liquavista B.V. (Amazon), Cambrios Technologies Corporation, CLEARink Displays, Inc., E Ink Corporation, among other domestic and international players.

The Research Industry “**E-Paper Display Market by Product (Auxiliary Display, E-Readers, Electronic Shelf Labels, Others), Ink Type (Two Pigment Ink System, Three Pigment Ink System, Advanced Color ePaper (ACeP)), Application (Consumer and Wearable Electronics, Institutional, Media and Entertainment, Retail, Transportation, Others), Region (Asia Pacific, Europe, North America, South America, Middle East & Africa) — Global Forecast to 2028**” is expected to grow at a CAGR of 17.3%.

Market Drivers & Opportunities

Rising penetration of internet connectivity, growing environmental concerns, and an increasing number of applications of display such as e-readers are expected to drive the E-Paper Display Market over the forecast period. Further, growing advancements in technology, rising demand for on-the-move information, and growing demand for electronic devices such as electronic wearables, tablets, smartphones, and others are other factors that are expected to drive the E-Paper display market over the forecast period.

Download Sample Report: <https://www.theresearchindustry.com/PDFDownload/pdfdownload/1575>

The E-Readers Segment is expected to have the largest market share during the forecast period (2022–2028)

E-Paper Display Market in our report by Product is segmented by Auxiliary Displays, E-Readers, Electronic Shelf Labels, and Others. Among them, the E-Readers Segment is expected to have the largest market share during the forecast period (2022–2028).

Consumer Electronics Segment is expected to have the largest market share during the forecast period (2022–2028)

The E-Paper Display market in our report by Application is segmented into Institutional, Consumer Electronics, Healthcare, Transportation, Media & Entertainment, and Others. Among them, the Consumer Electronics segment is expected to hold the largest market share over the forecast period. Growth of the segment is attributed to factors such as growth in the numbers of e-readers, increasing demand for on-the-move information, and the rising development of new easy-to-handle display devices.

Purchase Report: <https://www.theresearchindustry.com/PDFDownload/PurchaseReport/1575>

North America Region is expected to dominate the market during the forecast period (2022–2027)

North America Region is expected to dominate the E-Paper display market over the forecast period. Growth of the region is attributed to advancements in technology with features like paper-like readability, growing demand for tablets dominates the electronic paper display market due to higher demand for tablets, and less energy consumption compared to other technologies. Further, growing demand for on-the-move information and growing adoption of internet connectivity are a few major factors that are expected to drive the market over the forecast period. Moreover, the growing number of electronic readers along with the development of easy-to-use display technologies are other important factors driving the North America E-Paper Display Market.

Key Market Players

The major players in Liquavista B.V. (Amazon), Cambrios Technologies Corporation, CLEARink Displays, Inc., E Ink Corporation, Guangzhou OED Technology Inc., GDS Holding S.r.l., Plastic Logic, LG Electronics Inc., Pervasive Displays Inc., and Samsung Electronics Co. Ltd, among others domestic and global players.

The study includes an in-depth competitive analysis of these key players in the E-Paper Display market with their company profiles, recent developments, and key market strategies.

E-Paper Display Market Segmentation

E-Paper Display Market by Product

- Auxiliary Display
- E-Readers
- Electronic Shelf Labels
- Others

E-Paper Display Market by Ink Type

- Two Pigment Ink System
- Three Pigment Ink System
- Advanced Color ePaper (ACeP)

E-Paper Display Market by Application

- Consumer and Wearable Electronics
- Institutional
- Media and Entertainment
- Retail
- Transportation
- Others

E-Paper Display Market by Region

- Asia Pacific
- Europe
- North America
- South America
- Middle East & Africa

Key Questions addressed:

- What are the key overall market statistics or market estimates (Market Overview, Market Size-By Revenue, Forecast Numbers, Market Segmentation, Market Shares) of the E-Paper Display Market?
- What are the region-wise industry size, growth drivers, and challenges key market trends?
- Who are the key competitors or market players and how do they perform in the E-Paper Display

Market on the basis of a competitive benchmarking matrix?

- What are the key results derived from the market surveys conducted during the course of the E-Paper Display Market study?
