Southport, Merseyside Aug 13, 2022 (<u>Issuewire.com</u>) - Dress Hood Street comes this way to bring awareness about the campaign created by LUMUMBA BANDELE with an attempt to collect signatures to release Dr. Mutulu Shakur from jail who has been held by the justice system when he was supposed to be released after the end of his sentence time paying his debt to society of what he was sentenced

for, now is sick with no relatively medical treatment.

If is any 2pac supporter who read this at this moment, who loves his music or who he was as a person, revolutionary

I want to tell you this man was very special to 2pac and loved by him, he was his spiritual advisor and mentor throughout his life If you do love 2pac this goes out to all the soldiers riding for Pac, all the supporters, rappers with followers, influencers music lovers, all the black lives matter movement, black panthers who got love for their komraz I would like to ask you to copy this message and post in your social media as yours and ask to everybody on your social media to sign this petition, 2pac is not here but we are the ones who got love for him, more then a hype in the movie theatre, but that Pac who was always down for his community the first one to join in the rally's standing up for his community so now the question is what we going to do when someone he loves needs us ????

This man is in jail when supposed to be released already has been forgotten by a neglected justice system that fails us because we don't have a voice separated from each other, but united we make the difference, the only thing is needed to take less one step on the way to freedom for this man is your signature, Please do justice!!!!!

One Signature, Do Justice Bring Changes
