

Louis H. Cohen, MD, a Urologist with Intercoastal Medical Group

Get to know Urologist Dr. Louis H. Cohen, who serves patients in Sarasota, Florida.

New York City, New York Jul 19, 2022 ([IssueWire.com](https://www.issuewire.com)) - An exceptional urologist, Dr. Cohen is affiliated with Intercoastal Medical Group, seeing patients at the Cattleridge Medical Building in Sarasota, Florida. He can also be found on staff at Sarasota Memorial Hospital and Doctors Hospital.

Founded in 1993, Intercoastal Medical Group is a professional association of more than 100 highly

credentialed physicians encompassing many medical specialties. It is committed to providing the highest quality care possible by offering superior healthcare to adults no matter their medical needs. At their 10 convenient locations in Sarasota and Bradenton, Florida, their patients benefit from a seamless and efficient transfer of expertise and information, creating a unique continuum of care.

A graduate of Hofstra University, Dr. Cohen began his career in medicine by earning his medical degree from the Boston University School of Medicine. He then went on to complete his residency in general surgery at the University of Massachusetts Medical Center, before completing two consecutive residencies in urology at the University of Minnesota Medical Center and Washington Hospital Center.

Subsequent to his education, the doctor attained board certification in urology and pediatric urology through the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, and working with certified urologists to achieve lifelong learning to ensure the delivery of high-quality, safe, and ethical urologic care.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.
