

The most trending NFT game in 2022,"Rise of Elves"

Northern Taiwan, Taiwan Jul 12, 2022 ([Issuewire.com](https://www.issuewire.com)) - The most trending NFT game in 2022 "Rise of Elves" has attracted countless players since its launch. One of the reasons is that "Rise of Elves" uses one of the most stable cryptocurrencies - MATIC, and is set up on the most reliable blockchain - Polygon. Based on the advantages such as speedy transactions and low gas fees, plus the high entertainment value of the game itself makes "Rise of Elves" become the most successful NFT game in 2022.

"Rise of Elves" has recently collaborated with CHA PANGANIBAN, a well-known influencer in the Philippines as a DJ and a hardcore gamer. She has 387.5K followers on Facebook, 380.3K followers on TikTok, 283.1K followers on Instagram, and 411.3K subscribers on YouTube.

According to CHA PANGANIBAN, "Rise of Elves" is a game that truly accomplishes the Play-to-Earn

mechanics, wherein players can create new Elves through the "Evolution" system and earn real money by trading the Elves/Eggs on the Marketplace. She is very happy to closely collaborate with the Development Team and looking forward to meeting and sharing her game experience with fans through live streaming.

The most common Elements of Elves in the game are Water, Fire, and Earth. Catch the tale and stats of your favorite Water Elves.

Story:

Water Elves, born from the most humble sea foam to the unyielding currents of the great depths of the sea, embody the icy chill of the water. Mainly composed of seawater and drift ice, they are also known to devour other sea creatures to obtain unique characteristics and features. Beware not to be entangled by the sea's binding current!

Attributes:

Water Elves have more balanced stats than others. Suitable to be a Supporter in the middle or rear position with heal or buff abilities.

To bring more fun to players, the "Rise of Elves" Development Team has prepared a number of community events. Along with the current event "Share posts and get Magic Books", a follow-up event "Live stream and get 10 USDT" will also be held soon. Furthermore, our major event, the Product Launch Live Streaming, is also in preparation. The players who successfully registered for the live streaming will have the opportunity to freely share their feedback and earn prizes! So remember to stay tuned on the official Discord channel.
