

UberJets 4th Of July Flight Savings Recap

Boston, Massachusetts Jul 6, 2022 (Issuewire.com) - In 2022 consumers have the freedom to purchase, order, or reserve, practically anything with a click of a button. Buying has never been more transparent through the utilization of mobile app technology. Typically, users can perform tasks such as booking a hotel or purchasing game tickets all from an app; so it only makes sense that one can order a private aircraft to get anywhere, and at any time using the UberJets LetsJet App! UberJets puts the power of a corporate flight hangar in the palm of your hand. You can now reserve a completely customized private aircraft as easily as ordering a pizza...

UberJets leads the private aviation industry in private jet booking technology allowing its members to have the quickest access to any and all aircraft they would wish to fly on from our state-of-the-art [Virtual Hangar](#). Inside the highspeed, the [Let'sJet app](#) powered by UberJets members has the power at their fingertips to click and travel anywhere all over the globe.

After a busy 4th of July weekend with UberJets members traveling all over the world utilizing the Virtual Hangar to enjoy the holiday, they are excited to see the mass amounts of savings on their flights. The weekend was a huge success for UberJets flyers with a total of \$679,872 in savings due to UberJets proprietary aircraft tracking technology. This platform is designed to diminish the high costs around big holiday weekends like the 4th of July.

Mass amounts of flyers were coming to the North East for the holiday causing limited aircraft availability across the industry as so many aircraft were going in the same direction. This was no issue for the UberJets members as they had many aircraft solutions to choose from in the Virtual Hangar. UberJets saw a large influx of trips going to Nantucket, Martha's Vineyard, and the Hamptons. All of the UberJets members had seamless and ease of travel utilizing the complimentary car service and catering, giving them the best pre-flight, in-flight, and post-flight experiences.
