

## Hootan Zandifar, MD, a Facial Plastic and Reconstructive Surgeon

Get to know Facial Plastic and Reconstructive Surgeon Dr. Hootan Zandifar, who serves patients in Los Angeles, California.

**New York City, New York Aug 31, 2022 ([Issuewire.com](https://www.issuewire.com))** - Dr. Zandifar, a remarkable facial plastic, and reconstructive surgeon is the owner and founder of Hootan Zandifar MD in Beverly Hills, CA. He specializes in “natural-looking plastic surgery,” where every patient’s anatomy and natural appearance are restored but not drastically altered as a result of their surgery.

A native of Los Angeles, Dr. Zandifar received his medical degree from the prestigious David Geffen School of Medicine at UCLA. He completed his residency in otolaryngology – head and neck surgery at the SUNY Upstate Medical University in New York City and was then accepted to one of a few highly sought-after fellowships in facial plastic and reconstructive surgery at the Beeson Aesthetic Surgery Institute in Indiana. The rigorous training he received under the tutelage of world-famous plastic and

reconstructive surgeons enable him to provide the best and most advanced treatments available.

At the forefront of his profession, the doctor is board-certified through the American Board of Plastic Surgery, whose mission is to promote safe, ethical, efficacious plastic surgery to the public by maintaining high standards for the education, examination, certification, and continuous certification of plastic surgeons as specialists and subspecialists.

To date, Dr. Zandifar remains a member of several professional organizations, including the American College of Surgeons (Fellow), the American Academy of Facial Plastic and Reconstructive Surgery (Fellow), the American Academy of Otolaryngology, and the UCLA Medical Alumni Association. He also practices plastic and reconstructive surgery at the Derm & Rejuvenation Institute, where he provides the latest techniques in plastic surgery alongside Dermatologist Dr. Kormeili.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories - reconstructive surgery and cosmetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.

Throughout his line of work, Dr. Zandifar has published peer-reviewed articles in various scientific journals, including Laryngoscope, ENT Journal, Journal of Pediatric Otolaryngology, Brachytherapy, Journal of Pediatric Otorhinolaryngology, and Journal of Investigative Medicine. He has also presented at many national meetings, including the Annual American Academy of Facial Plastic and Reconstructive Meeting, the Combined Spring Otolaryngological Meeting, and the Triological Meeting.

Attributing his success to hard work, dedication, and perseverance, Dr. Zandifar has received several awards of distinction from his patients and colleagues. These include Super Doctors® on the Southern California Rising Star<sup>SM</sup> List (2013), Top Plastic Surgeon in Beverly Hills, California by the International Association of Healthcare Professionals, inclusion in The Leading Physicians of The World publication (2013), Plastic Surgery Practice Best of 2012 Plastic and Cosmetic Surgeons, and Walter P. Work, M.D. Award for Outstanding Performance in Otolaryngology / Head and Neck Surgery.

In his personal life, Dr. Zandifar is a proud father of two, a devoted husband, and a true humanitarian. He volunteers annually to help the underserved internationally as part of various medical missions. Outside of the office, he enjoys traveling and spending time with his family. His favorite professional publication is JAMA Facial Plastic Surgery.
