

Sherief F.H. Shawki, MD, FACS, FASCRS, a Colorectal Surgeon with Mayo Clinic in Rochester, Minnesota

Get to know Colorectal Surgeon Dr. Sherief F.H. Shawki, who serves patients in Rochester, Minnesota.

New York City, New York Aug 2, 2022 (IssueWire.com) - A trusted colorectal surgeon, Dr. Shawki welcomes patients at Mayo Clinic in Rochester, Minnesota. He believes in patient-centered care, promoting patients' understanding of their disease process, the role of surgery, and setting their expectations for the coming journey he and his patients will share together. He values teamwork (including the patients) and multidisciplinary specialty care for complex diseases.

His areas of clinical interest include colon and rectal cancer, recurrent colon and rectal cancer, management of Ileal pouch and continent ileostomy, re-operative corrective surgery (leaks/fistula), Re-Do Ileal Pouch surgery, and minimally invasive surgery.

Mayo Clinic in Rochester, Minnesota is the original and largest Mayo Clinic campus. Located in the heart of Rochester, Minnesota — a dynamic city just 90 minutes south of the Twin Cities of Minneapolis and St. Paul — Mayo Clinic has been safely caring for patients from around the world for more than 100 years.

Academically, Dr. Shawki earned his medical degree and Master of Science degree from the Suez Canal University School of Medicine in Egypt. After relocating to the United States, he completed his research fellowship, residency in general surgery, and fellowship in colon and rectal surgery at the Cleveland Clinic Foundation.

An authority in his field, the doctor is board-certified in both colon and rectal surgery and general surgery by the American Board of Colorectal Surgery (ABCRS) and the American Board of Surgery (ABS). The ABCRS and ABS are both independent, non-profit organization founded for the purpose of certifying surgeons who have met a defined standard of education, training, and knowledge.

Maintaining fellowship status, he is a Fellow of the American College of Surgeons (FACS), and a Fellow of the American Society of Colon and Rectal Surgeons (FASCRS).

On a professional level, Dr. Shawki is an active member of the Medical Syndicate of Egypt, the Society for Surgery of the Alimentary Tract, the International Society of University Colon and Rectal Surgeons, the Midwest Surgical Quality Subcommittee, and the Quality of Life Association.

In addition to his compassion toward his patient care, he is also committed to educating and teaching his medical students, residents, and fellows. He is actively participating in research, as well as an active reviewer of multiple national and international journals.

Colorectal surgery is a field in medicine dealing with disorders of the rectum, anus, and colon. It covers caring for patients with cancers of the colon, rectum, and anus along with other benign disorders like inflammatory bowel disease (Ulcerative Colitis and Crohn's Disease), diverticulitis, and a myriad of anorectal pathologies like hemorrhoids, fistulas, abscesses, and fissures.

Recognized as a Top Doctor by Castle Connolly Magazine in 2019, Dr. Shawki has been the recipient of the Levy Award in Surgery (2015), Outstanding Leadership Award (2015), and Administrative Chief Resident Appreciation Award (2015) by Cleveland Clinic.

On a more personal note, he is fluent in both English and Arabic.
