

Tracy Adams, DO, FACOG, a Maternal-Fetal Medicine Specialist with NYU Langone Maternal Fetal Medicine Associates

Get to know Maternal-Fetal Medicine Specialist Dr. Tracy Adams, who serves patients in Mineola, New York.

New York City, New York Aug 2, 2022 ([Issuewire.com](https://www.issuewire.com)) - A competent maternal-fetal medicine specialist, Dr. Adams is affiliated with NYU Langone Maternal Fetal Medicine Associates - Mineola. She

chose to pursue a career in maternal-fetal medicine when she was 16 years old and working for a perinatologist. She became fascinated by the miracle of life, and now cherishes the opportunity to follow a woman through this difficult, but wonderful time in their life.

“My patients are women who are pregnant or women who wish to become pregnant and have a history of medical or obstetric complications. Some of the procedures that I perform include chorionic villus sampling, amniocentesis, cesarean deliveries, and vaginal deliveries. My team of excellent and experienced physicians uses incredible technology to help guide women through their pregnancies. I also believe in treating my patients as whole individuals, using a personalized approach to help them with their pregnancy management” expressed the doctor.

Throughout her academic career, she earned her Doctor of Osteopathic Medicine degree from the New York Institute of Technology College of Osteopathic Medicine in 2008 and completed her residency in obstetrics and gynecology at Winthrop University Hospital in 2012. Later, she completed her fellowship in maternal-fetal medicine at SUNY at Stony Brook in 2015.

Passionate about her profession, the doctor is board-certified in maternal-fetal medicine and obstetrics & gynecology by the American Board of Obstetrics and Gynecology (ABOG). The mission of the ABOG is to define specialty standards, certify obstetricians and gynecologists, and facilitate continuous learning to advance knowledge, practice, and professionalism in women’s health.

A Fellow of the American College of Obstetricians and Gynecologists, Dr. Adams is an active member of the Society of Maternal Fetal Medicine. She also serves as a Clinical Associate Professor within the Department of Obstetrics and Gynecology at NYU Long Island School of Medicine.

Maternal-fetal medicine (MFM) is a subspecialty of obstetrics and gynecology that focuses on managing health concerns of the mother and fetus prior to, during, and shortly after pregnancy. Maternal-fetal medicine specialists are physicians who subspecialize within the field of obstetrics. For pregnant women with chronic health problems or other complications during their pregnancy, MFM specialists work to keep them as healthy as possible while their bodies carry a pregnancy. They also care for women who face unexpected problems that develop during pregnancy such as early labor, bleeding, or high blood pressure.
