Dubai, United Arab Emirates Aug 8, 2022 ([IssueWire.com](https://www.issuewire.com)) - Following the success of WOW Summit Dubai, earlier this year – WOW heads to Europe for an all-inclusive conference with the biggest names in the industry from around the globe. WOW, welcomes Web3 enthusiasts, industry leaders, artists, and tech specialists across the world to participate in one of the most controversial yet urgent discussions of the year. WOW Summit emerged a while ago, but quickly became the leading C-Suite B2B gathering in the world of Web3 tech. The event is a must-attend for those who are planning or doing business with NFT and digital assets.

The Summit will be happening in Lisbon, Portugal from the 1st to 3rd of November 2022 and will take place at one of Lisbon's most unique and iconic destinations — [SUD LISBOA](#): a truly inspirational place with a conference hall, a lounge zone, and a terrace with a view over the Tagus river. WOW invited industry professionals and visioners to build a comprehensive and mindful discussion. By connecting global blockchain leaders with international businesses, government authorities, tech experts, leading funds, and start-ups, WOW Summit helps to develop B2B and B2G relationships that last.

The program will consist of different sections, including discussions on enterprise implementation case

studies and solutions, expo areas both for innovative businesses and NFT artworks, blockchain start-up pitching, and, of course, networking events for the Web3 community.

This year WOW is proud to announce that the MC of the Summit will be **Dustin Plantholt** (Forbes Monaco Editor 'Crypto', Founder of Crypterns, Plantholt Advisory Group).
