

Aphrodite Marble & Granite Crafts Counter tops with Old-World Style, Beauty

Lacey, New Jersey Sep 19, 2022 (Issuewire.com) - Of all the areas in a home, the kitchen and bathroom are the two rooms that people most want to update and renew. [Aphrodite Marble & Granite Co.](#) has natural and manufactured stone options to accommodate any desire and budget. The company is a second-generation, family-owned enterprise currently headed by Spyro Katsianis.

The originator of Aphrodite Marble & Granite saw the need for high-quality stone and began sourcing it from the family's native Greece. The company has grown significantly over the years, maintains a sizeable inventory of stones on hand, and accepts special orders.

By far the most requested stone for [kitchen countertops Long Beach Township](#) is granite. It's available in a myriad of color combinations and patterns. No two slabs of granite are the same due to the veining in each piece, which makes every countertop a one-of-a-kind creation. Beyond the innate beauty of granite, the stone has a variety of practical attributes.

[Kitchen countertops Bayville](#) are almost impervious to scratching, stains, heat, and spilled liquids when sealed. Formed deep underground, granite is one of the hardest and most durable materials in the world. It was a favorite construction material of ancient Egyptians and the pedestal upon which the Statue of Liberty rests is made of granite. It easily stands up to the ordinary rigors of everyday life.

Natural stone is also a favorite for bathrooms, ranging from countertops to tiles for flooring, showers, and backsplashes. [Bathroom countertops Toms River](#) provide a luxurious appearance that's easy to maintain. It's able to withstand abuse without damage such as denting, scratching, or chipping. The material has a rating of 7 out of 10 on the Mohs Hardness Scale.

Aphrodite Marble & Granite provides multiple types of natural and manufactured stone for an extensive range of indoor and outside applications. Granite is an environmentally-friendly material that can be recycled. Modern methods are utilized by the company's stonemasons to achieve famed Old-World craftsmanship, ensuring every customer receives the finest quality granite products.
