# Apply For Indian E-Visa Online And Get Instant Approval With India-Visa-Online

**New Delhi, Delhi Sep 21, 2022 (**Issuewire.com**)**  -  Visiting and entering India requires a mandatory visa if you are a foreigner. Getting a visa is often a long and complicated process due to security reasons. But, to make this process easier, faster, and less complicated the Indian government started a new Indian visa that is made electronically and the entire process is done to increase its convenience.

This new electronic Indian Visa is called Indian Visa on arrival and with this process; the applicants will not be required to visit the Indian embassy. People will now be able to get this electronic Indian visa for three purposes, an Indian tourist visa, an Indian business visa, and lastly Indian medical visa. When the process was at its initial stage, the government only allowed the option of an Indian e-Visa on arrival for people visiting the country as tourists with the purpose of sightseeing and recreation. But over time, with more evaluation, the process is now open for two other purposes, business and medical reasons 2015. Initially, it was only applicable to a few countries and their citizens but now that list of countries is also broader. You can check whether your country is eligible by visiting: https://www.india-visa-online.org/indian-e-visa-on-arrival/.

As mentioned before the entire process can be done online and within just a few minutes. The requirements for the application process are also minimal. The applicants must be a citizen of those countries which are on the eligibility list and their visitation purpose should be among those three; tourism, business, or medical. The other requirements are the applicants must have a valid passport that is valid for at least 6 months from the entry date in the country. The page that the applicants will submit to the website for the visa process must be the first page of their passport containing details like date of birth, given name, middle name and surname, issue date, and expiry date of the passport along with other primary information. For further details, visit: https://www.india-visa-online.org/indian-e-visa-
