From ambient music to cultivated and well-experimented soundscapes G.H. Hat is brilliant in various musical forms. Witness his elaborative musical concoctions now.

Glendale, Sep 12, 2022 ([IssueWire.com](http://www.IssueWire.com)) - Performer, composer, remix artist, and multi-genre producer, **G.H. Hat** is one of the most compelling artists of this age. His music will charm you and also thrill you when needed; his musical topography will always charm you and will surely cast some addictive spells on you. Being associated with the Viscount Music recording label, he has been

working with them for a long time now. His brilliant instrumental score '[Primal](#)' has some daunting vibes to it. It will make your mind wonder about the seamless vibes of ecstasy.

Another of his flawless tracks 'Piano Jam 4 (Ode to Kygo)' will make you elated by the grooving tunes and powerful melodious enchantments. For the song '[Sukiyaki \(Ue O Muite Aruk?\)](#)' G.H. Hat has collaborated with Eriko Tamura and the end result of this power-filled duo has made the song extremely gravitating. He has over 290 songs under his belt and still wants to indulge in making some uniquely crafted songs, and this zeal has triggered him to go for EDM music in 2016.

Several of his numbers have charted in the Billboard Top 50 by far. The new journey which he started in 2016 is still offering him plenty of respect and now in 2022, he is delivering one after another piano jams. Some of his uniquely crafted music is 'I Got a Problem (I Wonder...)', 'I Wonder', 'Sukiyaki', '[Piano Jam 4 \(Ode to Kygo\)](#)', 'Sukiyaki (Ue O Muite Aruk?)', and 'Primal'.
