

Michael J. Solly, MD, MAGD, a Dentist in Private Practice

Get to know Dentist Dr. Michael J. Solly, who serves patients in Powell, Tennessee.

New York City, New York Sep 30, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Through continuing education and state-of-the-art equipment, Dr. Solly offers individuals the highest level of dental care at his private practice in Powell, Tennessee. He feels that having an attractive smile improves one's quality of life. In fact, he has seen a dramatic change in the personality of some of his patients after a smile makeover.

A firm believer that beautiful smiles build confidence and that healthy teeth and gums improve overall

health, it is his goal to be a partner in achieving both. He recognizes that he is treating a person not just a set of teeth. All of his patients have unique dental problems and may well need very different solutions, which is why he believes in working together to determine the solution that is best suited for each individual.

With an ongoing commitment to dental health, Dr. Solly is a member of the American Dental Association, the Second District Dental Society, the American Academy of Cosmetic Dentistry, the Tennessee Dental Association, the American Academy of GP Orthodontists, the Dental Organization for Conscious Sedation, the American Association of Orthodontists, and the American Orthodontic Society. He has also been a member of the Knoxville Chamber of Commerce since 2002 and is a Master of the Academy of General Dentistry (MAGD).

Proud to serve patients in his community, Dr. Solly continues to work hard to create the ultimate stress-free and comfortable dental experience.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.
