

Vlad Gendelman, MD, Orthopedic Surgeon with Urgent Orthopedic Care

Get to know Orthopedic Surgeon Dr. Vlad Gendelman, who serves patients in Los Angeles, California.

New York City, New York Sep 1, 2022 ([IssueWire.com](https://www.IssueWire.com)) - When patients want to see a doctor who can draw on an incredible wealth of experience to treat them compassionately, they come to see Dr. Gendelman. His passion for serving his community and seeing the world has taken him from Los Angeles, where he was the official team physician of the LA Blues SC, to the Philippines, where he worked as a member of a volunteer surgical team in impoverished communities.

Today, Dr. Gendelman is serving patients at Urgent Orthopaedic care - his private practice located in Los Angeles, California - where he offers treatment for both acute and chronic orthopedic disorders.

Dr. Gendelman received his Bachelor of Science in Biology at the University of Southern California, and his Doctorate from the University of California at Irvine. He then went on to complete his residency in Orthopedic Surgery at SUNY Downstate in Brooklyn, New York. During his time in Brooklyn, he has served as a team physician of Sheepshead Bay High School Varsity and Junior Varsity Football Teams.

Dr. Gendelman is board-certified by the American Board of Orthopedic Surgery (ABOS). The ABOS is an organization with the goal of establishing educational and professional standards for orthopedic residents and surgeons as well as evaluating the qualifications and competence of orthopedic surgeons.

Dr. Gendelman holds professional memberships with several organizations, including the Los Angeles County Medical Association, the California Medical Association, and the California Orthopedic Association. He is also a Fellow of the American Academy of Orthopedic Surgery. Founded in 1933, the Academy is the preeminent provider of musculoskeletal education to orthopedic surgeons and others in the world.

Dr. Gendelman has completed extensive research over the course of his career (much of which was conducted at such prestigious organizations as the Dorr Arthritis Institute), thereby making it easy for him to maintain cutting-edge knowledge of medicine and technology. He is also a published author, contributing his expertise to the field of Orthopedic Surgery.

Orthopedic surgery or orthopedics also spelled orthopedics, is the branch of surgery concerned with conditions involving the musculoskeletal system. As an orthopedic surgeon, Dr. Gendelman believes that patient education is a crucial aspect of successful treatment. He gives each patient the time they need to understand their diagnosis and treatment options in order to help them make informed decisions about their care.

Dr. Gendelman is fluent in both English and Russian.
