West Des Moines, Sep 1, 2022 ([IssueWire.com](http://www.IssueWire.com)) - Being highly versatile, **Queen Kenzie** is making the world groove along with her thriving musical diction. From charming rapping verses to audacious music she is winning hearts based on her impressive musical narratives. '[HI-HAT](#)' is an expressive number that has been incorporated well with her revolutionary whispered vocals. The lyrics of the song are written by Mackenzie Adel Perry, which offers gravity to the number. And Kenzie's voice and composition added soul and oxygen to the song, in the most appreciative way possible.

Her discography consists of various impressive numbers, including some highly energetic aura and some melodiously brilliant songs as well. [Queen Kenzie](#) is an excellent music artist who has generously offered gleaming music throughout her career. The pitched vibrations that she has offered in her numbers are showing the seasoned nature of her music is very overwhelming. She always has the zest for music and she started rapping when she was an 11-year-old girl.

She is from West Des Moines and has been performing on various local platforms in and around Midwest. From Friday's Spotify drops to various performances, she sorted out the way quite well in which she will be dropping her music for her audience. And she will be performing on back-to-back shows one on 9th September and another on 24th September. She has produced various avid numbers like '**HI-HAT**', which are 'Chris Breezy', 'Thomas Edison', 'EX'S', 'Feels', 'Past', 'Lesson Love', 'Time Zones 888', 'Body Language', 'Chill Bills', '2020' and many other tracks.
