

Let your dog find the right vibe with Papa's Cloud's latest Soft Chew Dog Treats

Anxiety, Joint Ache, and Wellness. The Natural Way!

Austin, Texas Nov 4, 2022 ([IssueWire.com](https://www.issuewire.com)) - Papa's Cloud was established in April of 2022 and it has already created a huge buzz in the industry with its amazing Delta-based products. Offering top-tier Fiber-derived vegan products at an affordable price, the brand is empowering millions of customers to find alternative plant solutions. You can find out more at <https://papascloud.com/>.

The medical benefits of edibles are gradually spreading across the world and with the help of Papa's Cloud, even pets can be a part of the journey. The company has brought up its latest product line-up of Fiber-rich Soft Chew Dog Treats that can make four-pawed individuals very happy. Delicious, soothing, and highly effective; these edible chewy treats can help dogs stay calm and energetic without any side effects. Made with 100% organic solutions, the company is dedicated to providing the highest quality products for all kinds of customers, including pets. This new Fiber-rich Pet line-up is FDA, GMP, and Organic certified; approved by professional pharmaceuticals.

The latest Fiber-rich Soft Chew Dog Treats comes in three different flavors which are quite drool-worthy for the dogs. The flavors are Chicken and Blueberry, Beef and Bacon, and last but not least, Bacon and Peanut Butter. Each of these packs of treats consists of a total of 30 pieces of treats. Each piece of chewy treat contains 2 mg nano Fiber which offers major medicinal benefits. For example, the Chicken and Blueberry flavored chewy treats, are crafted to offer a calming and relaxing experience for the dogs. On the other hand, Beef and Bacon flavored chewy treats can offer a more energetic experience which is great for daily consumption and training for the dogs. Lastly, there are the Chicken and Peanut Butter flavored hemp chewy treats which are specially made to improve hip and joint aches and promote better mobility. Each of these chewy treats is meant to keep the furry folks healthy and happy.
