

## Travis Koester announces his new album Alberta's Blues

**Fayetteville, Arkansas Oct 25, 2022 ([Issuewire.com](http://Issuewire.com))** - Travis Koester is thrilled to announce the release of his latest solo album Alberta's Blues, available everywhere on Jan. 6th, 2023.

Alberta's Blues is a Blues Rock album featuring the guitar work of an independent recording artist. The album includes ten original instrumental songs that shine a light on the guitar style of the veteran guitar player.

After picking up his first guitar 30 years ago, Travis is keyed into his own sound as an American blues rock guitarist, singer, and songwriter. Over the years he has honed his style by playing in a variety of bands and solo projects but always found his home planted deep in the roots of the blues and retro-rock genres.

"Excellent blues, get to know this musician's talent. Simply sensational."  
- Roadie Music

"Fans of instrumental guitar-slingers, rejoice! Travis Koester has crafted a gem of a new album filled with tasty hot licks for music lovers, bringing this too-seldom-heard style of guitar prowess into the 21st century."  
- Marty Scarbrough - KASU Arkansas Roots Radio
