

## **Amirhossein Mehrabi New Talented Artist!**

A brief look at the biography of the famous Iranian artist Amirhossein Mehrabi who was born on November 21, 1998

**Tehran, Iran Nov 18, 2022 (IssueWire.com) - Amirhossein Mehrabi (born November 21, 1998)** is an **Iranian actor, singer, and mechanical engineer**. He is a well-known **graphic designer** in the fields of logo design and branding services. After studying in gifted schools, he studied mechanical engineering at the university and now has a master's degree in mechanical engineering. His artistic career began in his adolescence when he began acting in local plays. He then entered the world of cinema in the early 2010s and has acted in famous movies. Along with these activities, he started broadcasting and singing at the same time and has a brilliant talent for music.

He established **Roysan Art Studio** in 2019 and kept up his intensive work in the graphic design industry. In addition, he has designed various projects involving new cryptocurrencies with expertise. He also engaged in other activities, one of which is trading on the forex market. During his teen years, he played volleyball professionally as well. However, after beginning hard studies at the university, he was less responsive to sports. Nevertheless, unlike his professional life, in his personal life, he has basic and fleeting ties with the people around him and has focused on his family.
