

Dario A. Grisales, MD, an Anesthesiologist and Interventional Pain Physician with Pan American Pain Institute

Get to know Anesthesiologist and Interventional Pain Physician Dr. Dario A. Grisales, who serves patients in Tampa, Florida.

New York City, New York Nov 23, 2022 ([IssueWire.com](https://www.IssueWire.com)) - A pain management fellowship-trained anesthesiologist, Dr. Grisales specializes in the treatment of chronic and acute pain. He works at Pan American Pain Institute, and has been practicing in Tampa, Florida since 1998.

Established in 2005, Pan American Pain Institute strives to provide courteous and understanding care to members of the Tampa Bay area suffering from chronic pain. Their physicians understand that each patient experiences pain uniquely, and all treatment plans are individually tailored with the latest technology to the patient's physiological, psychological, social, and family history as well as to the patient's desired goals.

Among his other roles, Dr. Grisales can be found on staff at Brandon Regional Hospital and Memorial Hospital of Tampa.

Regarding his educational background, he earned his medical degree from Universidad Nacional de Colombia in 1983. After relocating to the United States, he completed his residency in anesthesiology and his fellowship in pain management with the University of South Florida Morsani College of Medicine.

On a professional level, Dr. Grisales is a member of the American Society of Anesthesiologists, the American Society of Interventional Pain Physicians, the American Society of Regional Anesthesia and Pain Medicine, the Florida Society of Interventional Pain Physicians, the Florida Medical Association, the American Academy of Pain Medicine, the Florida Society of Anesthesiologists, the American Medical Association, the Hillsborough County Medical Association, the Tampa Bay Latin American Medical Society, the American Pain Society, the American Medical Marijuana Physicians Association, the Colombian Association for the study of Pain, and the Colombian Society of Anesthesiology and Resuscitation.

Anesthesiology is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure, and temperature, anesthesiologists also measure the patient's respiration.

Dr. Grisales furthered his education by doing a fellowship in Pain Medicine.

Selected as an honored member of Trademark Top Doctors of America Honors Edition in 2018, Dr. Grisales has been the recipient of the Patients' Choice Award (2018), On-Time Doctor Award (2018), and Compassionate Doctor Recognition (2018).
