Free Zone Company Setup

The investors dream for tax free business setup in UAE, so their business formation is done with the help of one of the best business consultants in UAE famous as MarkAI. UAE has nearly forty free zones and all the free zones have different features but most of the benefits are the same. Some of the main and common features are

Zero tax
Hundred percent ownership
Repatriation of the capital

Virtual Office Setup

We provide the services of the **Virtual office set up** in UAE, and any investor knows that the office set up is one of the mandate required to run the business in UAE, so it is clear that it needs time, money and maintenance.

So virtual office is an option for the investor to save money, time and energy, and to become eligible for the opening a company in UAE. If an office exists then there must be an address, so is with the virtual office. The virtual address is approved by the Dubai Municipality where DED issues an instant license in conjunction with the Dubai Municipality. Dubai Municipality allocates the door number to the business on the basis of which the investor gets the business licence.

Offshore Company Setup

Our strongest link with various governmental officials let us start an **offshore company for you in Dubai, UAE** within no-time. Feel free to get in touch with us to get ball rolling on your own offshore business easily and quickly.
