

Independent Rap Artist Polish Drops His New Album, Dishing Out Some of the Best Hard Raps

Polish's smashing new album "POLISH'ED" hits the audience hard with songs like "Boom The Bass", "Are You Listening To Me?" and "Best Take Notice" being all the rage.

Luton, Nov 15, 2022 (Issuewire.com) - With his album 'POLISH'ED' having been released on Spotify, talented artist **Polish** is definitely riding a musical high. The album, which originally had 24 songs has been re-released with 22 songs with certain re-working. Polish's music is definitely not for the weak of heart and has a nouveau-crude charm that makes it unique and addictive. Songs like "

["Boom The Bass"](#), ["Are You Listening To Me?"](#) and ["Best Take Notice"](#) have been loved by the audience and have really positive feedback.

When it comes to his music, **Polish** is a one-man army that takes up the entire process of creating his songs: vocals, music. His 12 years of hard work shine through in his music which is well-crafted and caters to the audience that it is meant for. The impressive atmospheric bass with his explicit and hard vocals truly complement each other and creates music that is synonymous with the struggle that went behind him pursuing his dreams. **"Boom The Bass"** begins on an ominous note with a distant rhythmic clanging of cymbals but soon takes on a frenzy as Polish's rap breaks through. **"Are You Listening To Me?"** follows a somewhat similar pattern with an added sound of cheering at the beginning that builds up the listener's anticipation.

"Best take Notice" is a unique blend of Polish's hardcore rap with mystical Arabian music in the background. Each and every composition is unique and has the listeners' head-banging to every beat. With his album 'POLISH'ED', this up-and-coming star is all set to bring about a fresh new wave in the music industry that sometimes loses brilliant pieces of art due to heavy censoring. Polish is here to shatter and shock his listeners while hitting them hard with his creative power, holding them in a vice-like stupor with his music. To get more of his musical insights, you can now follow him on **Spotify**, [Apple Music](#), or check his [official website](#).
