

## **The Karen Corcoran Walsh Scholarship for Future Mental Health Professionals Winner Is Chosen**

**Boca Raton, Florida Nov 10, 2022 ([IssueWire.com](http://IssueWire.com))** - The [Karen Corcoran Walsh](#) Scholarship for Mental Health Professionals winner has now been selected. The scholarship provides education funding for one lucky student who is studying to become a mental health professional in the future. The scholarship was eligible for students living and studying in the United States. Those enrolled in universities or colleges studying to become mental health professionals were invited to apply for the scholarship. Students in high school who will go to university and take a healthcare course with a mental health focus were also advised to apply. Students eligible for the scholarship were required to email their application in word format to [karen@karencorcoranwalshscholarship.com](mailto:karen@karencorcoranwalshscholarship.com). Along with the essay, students were to provide their names, phone numbers, email address, address, names of high school and graduation dates, names of universities currently enrolled in, their personal Bio, and GPA. The scholarship has been awarded based on a creative essay competition not exceeding 1000 words answering the question “Describe an area in mental health that needs improvement and how you will use your education to help improve upon the issue” The winner of the scholarship has been awarded a total of \$1000 to help towards tuition fees.

Education is very important not only to mental professionals but all other professionals. Education is the key to becoming successful and gaining the skills needed to have a successful career. Although many talented and deserving students would like to further their studies, many are left out due to financial constraints. The cost of education is increasing and this is creating financial challenges for students especially those from humble backgrounds. Some students have been forced to work part-time to earn money for their studies while others have dropped out of school and given up on their dreams and goals. [Karen Corcoran Walsh](#) is one person who has first-hand experience with how the road to becoming a mental health professional can be tough. It is because of that reason that she decided to reward a star student on the journey to becoming a mental health professional with a scholarship fund. She is also hoping that her scholarship will raise awareness of mental health challenges and provide the necessary resources for people in the mental health field.

[Karen Corcoran Walsh](#) is a therapist, educator, and mental health professional with at least 22 years of experience. She has dedicated her life to helping those suffering from mental health issues. She felt like it was time for her to give back to the community by rewarding the next generation of mental healthcare specialists. Through her scholarship, Karen wishes to mentor future leaders and mental health professionals. She is also hoping that the scholarship will raise awareness of the many issues surrounding the mental health field. She understands that mental health is a huge problem that needs qualified and great minds to treat patients and solve mental health problems. She has high hopes that the winner of the scholarship will not only have a successful career but also become a future mental health professional leader.
