16th November 2022, 11:00 am - 12:00 pm EST

New York City, New York Nov 10, 2022 (IssueWire.com) - The “true power” of any technology draws out from in-depth technical expertise and diverse experience across verticals. Bringing this synergy to the table is Quadrion’s live webinar on “[TRANSFORM, GOVERN, BOOST your business using Power Platform](#)”, scheduled to be held on 16th November 2022 between 11:00 am – 12:00 pm (EST).

Presented by Ashish Gupta, Modern Workplace Director, Quadrion, the webinar's key highlights would be the vast, unexplored capabilities of Power Platform. Along with demonstrative use cases, the licensing models for Power Platform, and Security and Governance, the webinar will explore scalability aspects as well. In addition, the interactive session will explain the different tools to drive operational excellence through Power Platform.

The webinar is an exclusively curated learning track drawn from Quadrion's wealth of experience in Microsoft technologies. It is aimed at small and medium-scale businesses that are keen to leverage the potential of Power Platform for enterprise-scale transformation.
