

Thomas A. Paron, DDS, MS, Orthodontist

Get to know Orthodontist Dr. Thomas A. Paron, who serves the population of Michigan.

New York City, New York Nov 2, 2022 ([IssueWire.com](https://www.issuewire.com)) - Dr. Paron is a board-certified orthodontist currently practicing in Michigan. He graduated with his Doctor of Dental Surgery Degree.

To earn a Doctor of Dental Surgery Degree, students generally need a four-year undergraduate education. Afterward, they go to dental school for another four years of educational, clinical, and dental laboratory training. After graduating with a Doctor of Dental Surgery Degree, dentists have to pass

rigorous examinations. In the United States, dentists must pass the National Board of Dental Examinations, which is a national written exam. They also have to pass a state exam to be licensed to practice there. With such extensive education and examination requirements, patients can rest assured that any dentist with a Doctor of Dental Surgery Degree is well qualified.

Orthodontics is a dentistry specialty that addresses the diagnosis, prevention, management, and correction of mal-positioned teeth and jaws, and misaligned bite patterns. It may also address the modification of facial growth, known as dentofacial orthopedics. Abnormal alignment of the teeth and jaws is very common.
