When Your Family Is First.

WE ARE READY.

Houston's #1 ER - Open 24 Hrs - No Wait Ever

Find a Location

Houston, Texas Dec 7, 2022 (Issuewire.com) - Life Savers [Heights Emergency Room](#) is pleased to announce that Houston residents, as well as anyone in the area who finds themselves in need of emergency services, can access the best standard of emergency care at its [Heights ER](#). Regarded as

the premier emergency clinic in all of Houston, Heights ER was created to improve upon the shortcomings of standard emergency room practices and boasts a stellar medical team of highly qualified nurses and doctors, always on call to attend to patients.

"We understand what it means to have to visit an [Emergency Room](#) and our goal is to make the experience as comfortable and seamless as possible while providing high-quality medical attention."

In many cases, quick access to medical care is a key factor in determining the odds of surviving a life-threatening health challenge. Patients who have recently been in [auto accidents](#), as well as those displaying symptoms suggestive of an imminent cardiac event, require urgent medical attention to prevent death or serious irreversible injuries as a result of their condition.

Due to the degree of urgency and importance associated with their operations, private emergency rooms continue to be busy and are usually the first point of call for the majority of new patients. As such, getting the right amount of care at the required speed often proves elusive as most hospital emergency rooms are overcrowded, forcing patients to grapple with long wait times and tired personnel.

Founded in 2015 by Dr. Foye Ikyator, Life Savers Emergency Room was created to optimize the inflow and outflow of patients into the emergency room, reducing wait times without compromising on care. The Heights Emergency Room is located in the Garden Oaks Shopping Center at 3820 N. Shepherd Dr. Houston, TX 77018, the clinic is an emergency room with board-certified physicians, on-site radiology (x-ray, ultrasound, CT scan) with immediate results from board-certified Radiologists, and on-site state-licensed pharmacy for immediate relief.

From minor cuts and sprains to more serious conditions like broken bones, Covid-19 testing, bronchitis, chest & stomach pains, etc, [Heights ER](#) guarantees all patients excellent and compassionate care that will exceed their expectations. The community-focused clinic also provides free medical screenings to all victims of auto accidents and can even assist in the filing/claims process.

About Life Savers Emergency Room
