System Requirements for Downloading TurboTax

It will be best if you know whether the software is compatible with your computer. Because if your device does not meet the minimum requirement, you might face issues bad enough to ruin your experience using the application.

You don't need to worry about anything; the software has pretty relaxed requirements. Chances are you can run it even if you have a decade-old computer.

We are listing the requirements below.

The first is that you'll need to have a PC or Mac computer with Internet access, and you'll need to have Microsoft Windows 8 or later or Mac OSX 10.9 or later.

Along with that, you'll need to have at least 2 GB of RAM and 8 GB of free space on your computer. You'll also need a printer and a valid email address, as well as a valid credit card. Lastly, you'll need a modern web browser, such as Google Chrome, Mozilla Firefox, or Microsoft Edge, to download the

program.

Downloading the Program

With all of the system requirements and pre-installation checks out of the way, you're ready to download.

First, open your browser. You can do this by writing your installed browser in the windows search bar.

Now, navigate to the TurboTax homepage by writing "Turbo Tax intuit software download" on your browser. Then click on the result shown below.

Now that you are on the page, click on "see products," as shown in the image below.

Then you will be redirected to the product selection page. Over here, you need to answer a few questions. Do that and scroll.

You will then see a variety of options to choose from, like Basic, Deluxe, Premier, and Home & Business. Choose the product that fits your requirement. And click "Buy Now."

Now choose your operating system. After doing that verify your purchase and click continue.

You will now see a billing and shipping form. Enter your information, such as first name, last name, etc.

After that, enter your payment details and finalize your payment. As soon as you get the payment confirmation, your download shall start.

How to Install TurboTax 2021

Now you need to install the program, and it is extremely simple to do.

Open up your web browser, navigate to the download page, and click the "Install Now" button.

You can also navigate the file from explorer by going into the downloads folder.

A new window will pop up asking you where you'd like to install **TurboTax Login**.

Click the "Install" button, and you're ready to move on to the next step. From here, you'll be prompted to select your installation type and press continue. Now the installation shall start. Let it install and press finish.
