

## **Jeffrey H. Jablon, MD, an Otolaryngologist with ENT and Allergy Associates, LLP**

Get to know Otolaryngologist Dr. Jeffrey H. Jablon, who serves patients in New York.

**New York City, New York Dec 12, 2022 ([IssueWire.com](https://www.issuewire.com))** - An experienced otolaryngologist, Dr. Jablon is a part of the team of professionals at ENT and Allergy Associates, LLP. He operates out of the offices in New Rochelle and Purchase, New York.

His scope of practice includes endoscopic sinus surgery with the latest techniques, including balloon sinuplasty and stereotactic navigation guidance surgery, snoring and obstructive sleep disorders, pediatric otolaryngology, as well as head and neck surgery.

With a special interest in the area of facial plastic and reconstructive surgery, Dr. Jablon performs cosmetic procedures such as facelifts, eyelid tucks, and rhinoplasty, as well as reconstructive surgery for patients with skin malignancies and facial deformities. He is affiliated with Greenwich Hospital, St. John's Riverside Hospital, White Plains Hospital, and Sound Shore Medical Center.

Holding an academic title, he serves as an Assistant Clinical Professor of Otolaryngology at the Icahn School of Medicine at Mount Sinai.

Pertaining to his educational background, Dr. Jablon received his medical degree from the Albert Einstein College of Medicine in New York in 1989. He then completed both his surgical internship and residency in otolaryngology-head and neck surgery at the Montefiore Medical Center/Albert Einstein College of Medicine. Subsequently, he performed a fellowship in facial plastic and reconstructive surgery at the University of California-Davis Medical Center in Sacramento, California.

A Fellow of the American College of Surgeons, the doctor is board certified in both facial plastic and reconstructive surgery & otolaryngology (ear, nose, and throat surgery) by the American Board of Otolaryngology-Head and Neck Surgery. It is a non-profit corporation that has set the mission of ensuring professional standards with certificates and memberships and has offered training in the fields of head and neck surgery to professionals since 1924.

Completing four years of military service as a physician, Dr. Jablon was Chief of the Section of Otolaryngology-Facial Plastic Surgery at Hill Air Force Base, Utah. He received a meritorious service medal and an honorable discharge as a major from the United States Air Force.

Otolaryngology is the oldest medical specialty in the United States. Pediatric otolaryngologists are primarily concerned with the medical and surgical treatment of ear, nose, and throat diseases in children. They generally provide the following services: diagnosis and treatment of ear, nose, and throat disorders, as well as head and neck diseases.
