

Joseph Salim, DMD, a Dentist with Sutton Place Dental Associates

Get to know Dentist Dr. Joseph Salim, who serves patients in New York, New York.

New York City, New York Dec 5, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dr. Salim is a well-versed general and cosmetic dentist who diagnoses and treats patients at Sutton Place Dental Associates in New York City, New York.

He and his team of accomplished professionals strive to enhance smiles considerably by incorporating

an array of different techniques such as Zoom teeth whitening, Invisalign clear braces, dental bondings, porcelain dental crowns, traditional dental bridges, inlays and onlays, porcelain veneers, implants, and more. They utilize the most technologically advanced equipment including digital x-rays, intraoral cameras, ultrasonic cleaning, lasers, and more.

Adhering to the highest standards of sterilization and infection control, Dr. Joseph Salim offers a wide array of treatments in cosmetic dentistry, including bleaching and tooth whitening (BriteSmile), porcelain laminates, veneers, porcelain inlays and onlays, crown and bridge work, and implants.

In regards to his educational background, Dr. Salim earned his Bachelor of Science degree in Biology from Hofstra University in 1987. He then attended Maurice H. Kornberg School of Dentistry at Temple University in Philadelphia, Pennsylvania, and received his Doctor of Medicine in Dentistry degree in 1992. Following this, he completed his General Practice Residency at Lutheran Medical Center in New York in 1993.

With an impressive professional journey that spans three decades, Dr. Salim is an active member of the American Dental Association, the Academy of General Dentistry, the American Academy of Cosmetic Dentistry, and the American College of Forensic Examiners Institute. He is also the President, Founder, and Executive Director of Virtue Foundation (2002 - present), a non-profit organization with Special Consultative Status to the United Nations.

The Virtue Foundation's mission is to increase awareness, inspire action, and render assistance through healthcare, education, and empowerment initiatives. The foundation seeks to provide both short-term impactful and long-term sustainability.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, treat gum disease, repair decayed teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

Always up-to-date with his field's latest advancements, especially the rapidly growing cosmetic dentistry field, Dr. Salim regularly attends seminars, conferences, and workshops. He has served as a public speaker for a variety of nonprofit organizations on topics related to sustainable development, healthcare, and philanthropy. He has also actively written and published on a variety of healthcare, dentistry, and business-related topics.

Furthermore, he has completed several training workshops and courses in the diagnosis and treatment of sleep apnea at the Greater New York Dental Meeting and elsewhere, as well as the usage of Botox and other fillers for the treatment of TMJ disorders, bruxism, clenching, and "gummy" smiles.

A firm believer that all patients deserve an unsurpassed level of care, it is precisely this commitment that sets Dr. Salim apart from other dentists. He attributes his success to being compassionate and caring about people in general and patients in particular, his willingness to learn from everything and everyone, having a positive attitude toward people and life in general, as well as having integrity and willingness to help those in need.

Outside of practicing dentistry, Dr. Salim enjoys playing soccer and tennis, as well as swimming. His favorite place to vacation is in Italy, and he speaks multiple languages, including English, Spanish, French, Italian, and Farsi.
