Facts& Some More Info About Balticceo:

Before Balticceo gained recognition for his jewelry business, he went to the military college, considering it a chance to find fun in new experiences and a lifelong career in the military. During that time, he was able to meet many new individuals, such as the engineers, while remaining at the barracks. But not long after Balticceo was injured at the time of training, he had to leave and search for another profession. That is when he was introduced to the business of jewelry making and gained recognition in this business, touching and aiming for new heights. Balticceo is likewise one of the most youthful real estate investors in Lithuania and the pioneer behind an online jewelry shop, The Drip God. He mainly sells his products online through his website. But you can also visit the Instagram profile of his business and check out the latest additions to his jewelry store. Various types of jewelry, stainless steel bracelets, iced-out pendants, and iced-out gold pendants, are available here that mainly attract the young generation. Apart from jewelry for men, pendants and bracelets for women are also available on his website.
