

## Neriy Izkhakov, MD, MPH, an Endocrinologist with Essence Endocrinology

Get to know Endocrinologist Dr. Neriy Izkhakov, who serves patients in Las Vegas, Nevada.

**New York City, New York Dec 28, 2022 ([IssueWire.com](https://www.issuewire.com))** - A determined endocrinologist, Dr. Izkhakov sees patients at his private practice - Essence Endocrinology - with two offices in Las Vegas, Nevada. He specializes in the diagnosis and treatment of conditions such as diabetes mellitus, thyroid disorders, polycystic ovarian syndrome (PCOS), menopausal symptoms, low testosterone in males, osteoporosis, hyperparathyroidism, hypercalcemia, obesity, and weight loss, adrenal disorders

(hyperaldosteronism, Cushing syndrome, adrenal insufficiency), hyperlipidemia, pituitary disorders (pituitary adenoma, hyperprolactinemia, growth hormone deficiency), hypertension, and other endocrine-related conditions.

Before embarking on his professional journey, he received his medical degree from the Jacobs School of Medicine and Biomedical Sciences and his Master of Public Health degree from the School of Public Health and Health Professions at the University at Buffalo. He then went on to complete his residency in internal medicine at MountainView Hospital, serving as Chief Resident in his 3rd year. Finally, he completed his fellowship in endocrinology, diabetes & metabolism at the same educational venue.

Following his training, the doctor attained board certification in endocrinology, diabetes & metabolism, and internal medicine through the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Professionally, Dr. Izkhakov is an active member of the Endocrine Society and the American Association of Clinical Endocrinologists.

Endocrinology is a branch of biology and medicine dealing with the endocrine system, its diseases, and its specific secretions known as hormones. Endocrinologists have the training to diagnose and treat endocrine system dysfunction by helping to restore the normal balance of hormones in the body. The common diseases and disorders of the endocrine system that endocrinologists deal with include diabetes mellitus, as well as adrenal, bone/calcium, reproductive, pituitary, and thyroid disorders, among others.

Speaking several languages, Dr. Izkhakov is fluent in English, Hebrew, and Russian. In his spare time, he enjoys spending time with his family, playing tennis, and reading.
