Get to know Pediatrician Dr. Ronda Zulich, who serves patients in Las Vegas, Nevada.

New York City, New York Dec 2, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Dr. Zulich is a board-certified pediatrician providing a superior level of empathetic and individualized care to newborns, children, and young adults up to age 26 in the Las Vegas, Nevada area.

At Southern Nevada Pediatric Center, she offers a range of general pediatric services and treatments, including newborn care including complex NICU graduates, adolescent care, mental health care, ADHD diagnosis and treatment, various laboratory testing, STD & pregnancy testing, vaccinations, referrals, and physical exams.

Described as genuine, Dr. Zulich truly cares about the needs of every child and teen. From preventive care to sick visits, physical exams, and testing, she understands that optimal care requires attentiveness, time, and compassion. She is well-rounded, well-read, and sees tremendous value in everywhere she has been and everyone she knows.

A 2003 graduate of St. George's University School of Medicine, Dr. Zulich did some medical training in London, England, and in Prague, Czech Republic. She obtained her pediatric training from the University of Nevada, Las Vegas School of Medicine, and Loma Linda University Children's Hospital in California.

A Fellow of the American Academy of Pediatrics, she is board-certified in pediatrics by the American Board of Pediatrics (ABP). The mission of the ABP is to advance child health by certifying pediatricians who meet standards of excellence and are committed to continuous learning and improvement.

In her professional experience, Dr. Zulich has worked at several prestigious medical facilities, including UCLA Mattel Children's Hospital, Olive-View UCLA Medical Center NICU, an adolescent clinic affiliated with LAC-USC, and Kaiser Permanente in Los Angeles, California. Most recently, she worked in the Pediatric Emergency Department at Sunrise Children's Hospital in Las Vegas.

Pediatrics is the branch of medicine that involves the medical care of infants, children, and adolescents. The American Academy of Pediatrics recommends individuals be under pediatric care up to the age of 23. Pediatricians provide medical care to people ranging in age from newborns to young adults. They are trained to examine, diagnose, and treat children with a wide variety of injuries and illnesses through all of their developmental stages, as they grow and mature.

Born and raised in Los Angeles, California, Dr. Zulich is an avid traveler and has spent time in several East African, Middle Eastern, Western, and Eastern European countries, Mexico, Central America, and the Caribbean, as well as Egypt, Israel, Russia, and China.

Happily married with two young children, she spends most of her free time with her family.
