Kochi, Kerala Dec 5, 2022 (IssueWire.com) - Sobha New Launch Property In Kochi is planned as a blissful residential community set within an acre by Sobha Limited. It offers 2 BHK & 3 BHK lavish apartments with all types of amazing facilities & conveniences.

The architectural intent is to establish a high-quality atmosphere and create a sense of place and identity for development through the creative use of the countryside and the placement of built construction. The building is set deeper into the property, aids to provide lush scenery that announces one's arrival at **Sobha Kochi** and provide a calm experience away from the bustle of the area.

The project is massed in such a manner that all the units have natural light and ventilation to all the comfortable spaces as well as encourages cross freshening. The character of the building is strongly well-defined by the clean lines which offer a modern look and feel to the development.

The Multipurpose Hall is kept at the ground level, which spills out to a large deck enclosed by a landscape on the edge. While facilities like the Gymnasium, Indoor Games, Mini Theatre, and Swimming Pool which are completely for the inhabitants, have been lodged at the Sky Deck level which is on the rooftop whilst allowing for fabulous views superficially.

Sobha Apartments In Kochi is located within driving distance of well-reputed educational organizations, shopping malls, clinics, and hotels. It is on the Metro way and the Cochin International Airport is a 30-minute drive away from the development.
