

## Unicorn Currencies - One Company for Multiple Foreign Exchange Solutions

*Unicorn Currencies*

**London, United Kingdom Dec 27, 2022** ([Issuewire.com](https://www.issuewire.com)) - [Unicorn Currencies Ltd](#), a London-based business founded in August 2022, provides specialized services to help customers securely send money to China, [the USA](#), Europe, and most [Countries across the globe](#).

Nazia Thakur, the founder of Unicorn Currencies claims that these specialized services will provide

greater convenience than existing alternatives such as Wise, Revolut, and Western Union to [Businesses](#) and [Individuals](#). Rather than needing to compare multiple companies across multiple platforms like Google or comparison websites,

Unicorn Currencies simplify the process. With its security system and timely execution of [international payments](#), Unicorn Currencies provides a powerful solution for sending money internationally at competitive rates.

Unicorn Currencies understands the need for a great customer experience in international payments, no matter the amount. As such, their goal is to provide elite customer service with 24/7 support and a WhatsApp chat facility to reply quickly and make digital transactions more personal.

They've partnered with multiple FCA-regulated electronic payment providers in the UK, pairing their competitive foreign exchange rates with safe and secure routes for international payments. With Unicorn Currencies, customers can [Send Money to China](#), the USA, or [Europe](#) with ease, as they work with an array of currencies. Though the geographic location and currency differences can sometimes cause delays in delivery times, they also seek to minimize any issues that arise due to sender capabilities.

Unicorn Currencies is a unified system that makes it easier and more convenient for customers to access services without limitations or obligations. Nazia emphasizes the importance of service and customer experience, saying that Unicorn Currencies provides [customer support 24/7](#), meaning customers can reach out to them via email, phone, or even WhatsApp.

Nazia believes in prioritizing customer service and experience, as well as providing foreign exchange services like spot, forwards, send-receive funds, and virtual bank accounts. However, Unicorn Currencies is also looking to venture into the future of payments by exploring opportunities to partner with crypto payment providers. By leveraging blockchain technology for faster transactions, Nazia hopes to revolutionize the payments industry.
