Get to know Family Physician Dr. Carlos Alberto Salazar, who serves patients in Florida.

New York City, New York Jan 5, 2023 ([Issuewire.com](https://www.issuewire.com)) - A highly accomplished and respected physician with over 20 years of professional experience, Dr. Salazar is the Owner & Operator of BlessedCare Center in Tampa, Florida. He is well-regarded in his field for his holistic approach to medicine, which focuses on treating not only the physical issues his patients are facing, but also their mental, emotional, and spiritual well-being.

Before embarking on his professional journey, he earned his medical degree from the Luis Razetti School of Medicine at the Central University of Venezuela in 1991. He then received additional training with Dr. Denton Cooley, one of the world's leading cardiac surgeons, between 1993 and 1996.

Following this, Dr. Salazar conducted clinical research on the vascular anatomy of the heart at the Texas Heart Institute until 1998. He went on to complete his residency in internal medicine at the University of Texas Health Science Center from 2001 to 2003, and a fellowship in geriatrics at Baylor College of Medicine until 2005.

He served as an Instructor in Palliative Care at the University of South Florida and Chamberlain University, and as an Assistant Professor of Geriatric Medicine at the University of South Florida from 2009 to 2011.

An expert in his field, the doctor is board-certified in family medicine and geriatric medicine by the American Board of Family Medicine (ABFM). The ABFM is a non-profit, independent medical association of American physicians who practice family medicine and its sub-specialties.

Throughout his career, Dr. Salazar has focused on clinical research related to age-related changes in the heart and vasculature, as well as dementia. He also maintains membership status with several organizations, including the American College of Physicians, the American Geriatrics Society, the American Society of Internal Medicine, and the American Medical Association.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

Among his most notable achievements, Dr. Salazar has been recognized as one of the Top Physicians in the World of Internists & the Top Internist by the Leading Physicians of the World. He considers teaching others how to care for the elderly population to be the highlight of his career, and hopes to serve as the lead clinician of patient care at a geriatric clinic in the future.
