

‘Dalworth Restoration McKinney’ Your Trusted Leader in Restoration and Clean-Up

McKinney, Texas Feb 15, 2023 ([Issuewire.com](https://www.issuewire.com)) - After a long time in the restoration business, [Dalworth Restoration](#) is growing- and helping the people of McKinney assist their customers in dealing with the stress of life-changing events like water, fire, environmental hazards, and disasters and trying to get their properties back to their pre-loss condition.

Dalworth Restoration McKinney, being an integral part of Dalworth Restoration, provides high-quality services to residential and commercial property owners. They are a fire and water damage restoration company based in McKinney, Allen, Plano, Frisco, Melissa, and other cities within our service area in Collin and Grayson counties. This family-owned damage restoration company was established in 1976 and is also a part of the [FLEET Response](#) family, which specializes in water, fire, and other emergencies throughout the nation. It has grown into a full-service comprehensive restoration company that is a popular household name in the Dallas-Fort Worth area.

As part of our expansion, they have opened up a new facility in McKinney to respond faster and provide better service to the customers. Don't worry if a disaster causes a pipe to burst or a water heater to leak. Their team in this area can now get to you as soon as possible without any trouble. Dalworth Restoration has a fleet of trucks that can respond to fires and floods in Collin and Grayson counties. They also have a state-of-the-art content restoration and storage facility for residential, commercial, and industrial

clients.

They offer highly qualified, skilled professionals on call 24/7, 365 days a year, to manage water, fire, and mold damage emergencies. These specialists are skilled at responding quickly to water damage and fire damage events because they realize how important it is to stop a flood or fire emergency from spinning out of control and to prevent more significant and severe damage from happening. Dalworth Restoration McKinney has established a 24/7 emergency hotline staffed by qualified water and fire damage restoration specialists who will send emergency workers on demand to provide rapid emergency restoration services to fire and water damage scenarios. They also deal with urgent calls about cleaning up water, fire, mold, and smoke until extensive support arrives. **“Think of us as your personal Red Cross team”** - As *Shane Hobbs* the President of Dalworth Restoration once said.

Dalworth Restoration not only rebuilds homes and businesses but also trains competitor restoration companies and insurance adjusters on how to properly secure properties and respond in case of an emergency. They work with a variety of insurance providers, and upon request from their clients, they will submit properly documented claims for water and fire insurance directly to the insurance providers for payment.

At Dalworth Restoration, they strive for 100% client satisfaction with every job. For the safety and security of their customers, they are fully licensed, bonded, and guaranteed. The company is a registered member of the Restoration Industry Association (RIA), the **Better Business Bureau (BBB)**, the Institute of Inspection, Cleaning, and Restoration Certification (IICRC), and Restoration Renegades.
