

Fintellix Acquired by Private Equity Firm Stellex Capital Management

Bengaluru, Karnataka Jan 3, 2023 ([IssueWire.com](https://www.issuewire.com)) - Fintellix, a leading global provider of data and regulatory compliance solutions, is transitioning to private equity ownership after five years of ownership by publicly traded corporations.

In December 2022, an affiliate of Stellex Capital Management LLC (“Stellex”), a global multi sector middle market private equity firm, acquired Fintellix, G2, and LCI from TransUnion, forming a tech-enabled risk and compliance platform.

“We are thrilled to partner with Stellex as we look to materially scale Fintellix in the next few years. We will be investing in our people and product innovation and will be bringing even more regional focus to the geographies we operate in to create more value for our customers,” Shailendra Mruthyunjappa, President and CEO of Fintellix, remarked.

Irina Krasik, Managing Director of Stellex, added, *“Over the past decade Fintellix has demonstrated strong growth and established itself as one of the leading providers of regulatory compliance technology. We are excited to support Shailendra and his team in this next phase of Fintellix’s expansion.”*

About Fintellix

Fintellix is a leading provider of digital and regulatory solutions covering data management, multi-country regulatory reporting, credit risk and loan loss calculations, and supervisory technology to the Banking and Financial Services industry across India, US, UK, Middle East, Africa, Australia, Singapore, Hongkong, and South-East Asia.

Fintellix’s clients range from top 100 global banks to regional and small banks. Our integrated, modular, highly scalable, next-generation platform supports end-to-end data lifecycle management and deployment of various analytical use cases for both regulated entities and supervisors. Our pre-packaged risk and regulatory solutions are delivered for various jurisdictions and regulations with complete managed services including regulatory updates.
