Byram, United States Jan 28, 2023 ([Issuewire.com](http://Issuewire.com)) - [Shenzhen Oyea Machinery Co., Ltd](http://Shenzhen Oyea Machinery Co., Ltd). is made of Tungsten carbide Rotary Knife Blades with higher hardness, ensuring its long service life.

If precision, quality, and short lead time all matter, you are at the right place. Baucor manufactures and supplies literally thousands of both standard and custom-size precision circular knives and circular rotary blades for all kinds of use from slitting, cutting, and perforating to rewinding. Whether you need a

top and bottom or dished circular blade or a circular knife with toothed, serrated, scalloped, perforation, and saw tooth forms, or even more complex tooth forms, Baucor can turn your design into a blade in just days. It doesn't matter if it's paper cutting, food slicing, packaging, rubber converting, meat chopping, film cutting, or foil converting, regardless of their use, our circular knives and blades are exceptionally made from quality ground-hardened tool steel and stainless steel as well as carbide.

Custom Circular Blades: Slit, Perforate, Cut, Rewind, Shear, and Do Even More...

We are highly specialized in manufacturing custom circular knives and circular rotary blades per sample and drawing. If you need your knives manufactured to your exact requirements, please contact us now get to a free quote. If you have a drawing, sketch, or written specifications for the blade you need, please let us know.

We are the Experts in Manufacturing Custom Circular Knives and Blades
