

Aceis and Servicely Partner to Drive Service Management in India with AI-Powered Solutions

Aceis and Servicely's partnership to transform service management in India, creating new opportunities for businesses to succeed.

Pune, Maharashtra Feb 27, 2023 ([IssueWire.com](https://www.issuewire.com)) - **Aceis**, a leading enterprise solutions provider, and **Servicely**, a global provider of Artificial Intelligence Service Management (AISM) solutions, are pleased to announce their strategic partnership for the sales and implementation of Servicely's Artificial Intelligence Service Management (AISM) offerings in the India region.

As part of the partnership, Aceis will be responsible for sales, marketing, and implementation of Servicely Artificial Intelligence Service Management (AISM) solutions, which are designed to transform the service management landscape using cutting-edge AI technology.

Commenting on the partnership, **Mr. Sanjay Singh, CEO of Aceis** said, "We are excited to partner with Servicely and offer our clients access to their advanced Artificial Intelligence Service Management (AISM) solutions. Our clients will benefit from the integration of AI technology into their service management operations, which will enable them to provide better services to their end customers while improving their own operational efficiency. We look forward to working closely with Servicely to bring their innovative solutions to our clients in India."

Mr. Dion Williams, CEO of Servicely, added, "We are thrilled to partner with Aceis, a respected enterprise solutions provider in India. Our Artificial Intelligence Service Management (AISM) solutions, coupled with Aceis' extensive knowledge and experience in the India region, will enable us to deliver exceptional value to our clients. With this partnership, we are confident that we can help organizations across India streamline their service operations, improve customer satisfaction, and drive business growth."

The partnership between Aceis and Servicely represents a significant step forward in the service management industry. Together, they will be able to offer organizations in India a powerful combination of expertise, innovation, and technology to help them stay ahead of the curve in today's highly competitive market.
