

## Chase S. Turner, MD, FACP, an Internist with WellSpan Health Good Samaritan Hospital

Get to know Internist Dr. Chase S. Turner, who serves patients in Pennsylvania.

**New York City, New York Feb 15, 2023 ([Issuewire.com](https://www.issuewire.com))** - A committed internist, Dr. Turner is the Medical Director for the Hospitalist Group at the WellSpan Health Good Samaritan Hospital. He has a deep understanding of the needs and concerns of adult patients and is known for his ability to work effectively as a primary inpatient medical provider.

Educationally, he earned his medical degree from the Ross University School of Medicine in 2014, before completing his residency in internal medicine at Pinnacle Health System in 2017. He is currently on course to graduate with his Master of Health Administration degree from the University of Phoenix in July 2023.

Recognized as a Fellow of the American College of Physicians (FACP), the doctor is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

On a professional level, Dr. Turner is an active member of the Society of Hospital Medicine, the American College of Healthcare Executives, and the Pennsylvania Medical Society.

In addition to his clinical skills, he is also a skilled public speaker and is frequently called upon to share his insights and expertise with audiences both within and outside the healthcare industry. He has a passion for healthcare management and is dedicated to ensuring that his patients receive the highest quality of care.

Throughout his career, Dr. Turner has also made important contributions to the field of clinical research, conducting numerous studies that have advanced our understanding of a wide range of medical conditions. He is highly respected by his peers and is known for his ability to build strong, productive relationships with other healthcare providers.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in Internal Medicine are called Internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.
