The gravitating narrations accompanied by impressive musical styles, Alien 8's new release 'Apollo' is surely a great musical artwork, that will blow your mind.

**Vernon, Feb 1, 2023 ([Issuewire.com](http://Issuewire.com))** - Soak in the punk rock vibes of excellent music artist **Alien 8**; his musical greatness comes with a package of impressive musicality and overwhelming soundscapes. His recent release, '[Apollo](#)' has also been soaked in those vibes of ecstasy. These supremely narrated verses are offered by Nathan Jens Jespersen. And the music of the track is

something that people can't afford to miss. Coming from the Canadian pop genre, he weaves songs that can make you feel those fierce feelings of punk styles. The electric guitar work has been an added essence for this number.

He has always been drawn toward punk rock and growling styles. He has been a musician in a post-punk band called ultraviolence. And during his time in this band, he has gained his unique style of making a mere song into greatness. While **Alien 8** was true to his roots but didn't want to limit himself. On his way to achieving better for his music, he started to make songs that are enjoyable and also have gravitating lyrics.

This project is his way of incorporating various genres into one track and making the track incredibly impressive. '**Apollo**' is appealing in every way possible, and has been one of the most interesting releases of this year. Previously he has offered songs like 'Can't Promise You', 'Boy They Tried To Destroy', 'I Really Wish I Hated You', 'The Negotiation Limerick', and many others. So, make sure to enjoy his impressive vocals and incredibly charming musical qualities. His entire musical works are available on Spotify, listen to them now.
