

EduMatch® Achieves Fundraising Goal, Supports Educators Globally

Alexandria, Virginia Feb 9, 2023 ([IssueWire.com](https://www.issuewire.com)) - EduMatch, one of the top resources for online content for educators, students, and grassroots initiatives, is proud to announce that it has successfully reached its fundraising goal through a bond offering in collaboration with [The SMBX](#). The funds raised will be used for marketing, working capital, and administrative costs, including hiring a proposal writer.

EduMatch, an official PD partner of Google for Education, is seeking to expand its Professional Learning branch. With over 30K followers on social media globally, EduMatch is excited to see what 2023 will bring.

EduMatch Learning provides a variety of professional learning opportunities tailored to the unique needs of school districts and organizations, with a network of over 100 consultants who have expertise in areas such as diversity, equity and inclusion, mental health advocacy, innovative pedagogies, leadership, and more.

As a Black female educator & founder, Sarah Thomas, Ph.D., has spoken and presented internationally about the importance of connecting with other educators. She is a recipient of the 2017 ISTE Making IT Happen award and a Regional Technology Coordinator in a large district in Maryland.

With the expanded Professional Learning branch, EduMatch is poised to make a positive impact on education. The company is grateful for the support from its community and looks forward to continuing to serve and empower educators globally.
