Largest Capital Backed ARISE Accelerator by StrongHer Ventures Opens Summer 2023 Applications

The ARISE by StrongHer Ventures enables mentorship and funding with hands-on master classes, expert-led deep dives, investor roundtables, networking, client connects, and community.

San Jose, California Feb 8, 2023 (Issuewire.com**)** - Applications are now open for ARISE S2023 accelerator program. ARISE is the leading and largest venture-backed program. ARISE is designed to support and empower the next generation of leading technology and innovation-led early-stage startups,

with a focus on Climate Tech, the Future of Work/Life, Healthcare, Consumer, Metaverse, Fintech, and Sports Media & Entertainment.

The ARISE WINTER 2022 accelerator program was amazingly successful and made a remarkable impact on the startup ecosystem for women. It received an overwhelming response from over 1350 startups. The program reached more than 100 cities across 18 nations. 500+ founder interviews were conducted and 40 startups made it to Arise W2022 Cohort.

The ARISE programs enable mentorship and funding with hands-on master classes, expert-led deep dives, investor roundtables, networking, client connects, and community.

"It is encouraging to see how women are breaking the barrier and leapfrogging. We are changing the narrative with ARISE. We will connect with 5000 startups, provide mentorship to 2000 entrepreneurs, invest in over 200 startups, and achieve a cumulative valuation of over 1 billion dollars, reaching out and impacting 1 billion women", said Ankita Vashistha, the founder and managing partner at StrongHer Ventures.

The 12-week ARISE S2023 accelerator program is a one-of-a-kind opportunity for startups to access Capital, Connections, Coaching, and Community.

The deadline for ARISE Summer 2023 Cohort Application is March 15th, 2023.
