

"New action movie "Killer Ex" Director Jim Town's selects lead actress"

Elena Churinova cast in lead role for action drama "Killer Ex"

San Pedro, California Feb 6, 2023 ([IssueWire.com](https://www.issuewire.com)) - Director Jim Town's latest project, the action drama "Killer Ex," has found its leading lady in the talented actress Elena Churinova. Churinova is known for her standout performances in films such as "Wanted" (2008), "Interceptor" (2009), "Captivity" (2007), "Power Rangers Kid Force" (2021-2022), and the upcoming "Runner" (2023), will bring her stunning beauty, accomplished stunt skills, and martial arts expertise to the role of the ex, adding a new layer of tension to the already high-stakes situation.

The film follows a former assassin's family life that is thrown into turmoil when his beautiful ex suddenly arrives on the scene, pursued by a dangerous group of assassins.

"I've worked with Jim before, so it's a great honor for me to be a part of his new movie", Churinova says. "During my career, I have had a lot of different roles. I've been blessed to perform a lot of crazy stunts because of the wide variety. Now I can finally use my skills, knowledge, and experience to bring to life the character as the lead. I'm excited to show the audience how amazing this character really is.

Production on "Killer Ex" is set to begin in June 2023, with a release date planned for 2024. "We are thrilled to have Elena on board for 'Killer Ex,'" says Towns. "Her magnetic presence and action skills will add a new level of excitement to the film, and we can't wait for audiences to see her in action." More cast and movie announcements are scheduled to be released over the coming months.
