THE DREAM LIVES ON

Philadelphia, Pennsylvania May 1, 2023 (Issuewire.com) - Nonprofit Scholarship Founder and President Khadijah Butler announced the upcoming publication of THE CDB SCHOLARSHIP MONTHLY PLANNER, a 12 Month organizational tool with over 150 Nationwide Scholarships.

This planner identifies awards from August through July each year for students from kindergarten to

12th Grade. Quick Tips and Reminders are also provided, including when to begin working on your FAFSA and SAT/ACT prep deadlines.

Butler, a Philadelphia native, and Temple University Alum are the Founder and President of the Craig D. Butler Scholarship Foundation, a nonprofit memorial scholarship honoring the scholarship's namesake Craig D. Butler, who was murdered at the hands of a 14-year-old in 1999.

The Craig D. Butler Scholarship Foundation is also the first and only black-led, women-operated 501c3 scholarship foundation that serves minority students in Philadelphia. There are 2 (\$1,000) scholarships awarded annually to seniors from marginalized communities in the aftermath of gun violence.

This multi-use planner is the first step in college readiness to prepare well in advance for your child's future.
