Riga, Latvia Mar 1, 2023 ([Issuewire.com](https://www.issuewire.com)) - New Basketball Game, THE3GAME Board, Brings Fresh Twist to Classic Sport

A new kind of basketball game, THE3GAME Board, is set to bring hours of fun and laughter to families, friends, and even colleagues in the office. The creators of THE3GAME Board, big basketball fans, wanted to create a new version of the sport that was more fun to play.

THE3GAME is a unique take on the classic game of basketball. The objective is simple: make a basket and turn on the respective light. The first player to turn on three lights in a row wins the game. And, if you want to play again, just make another basket and reset the board.

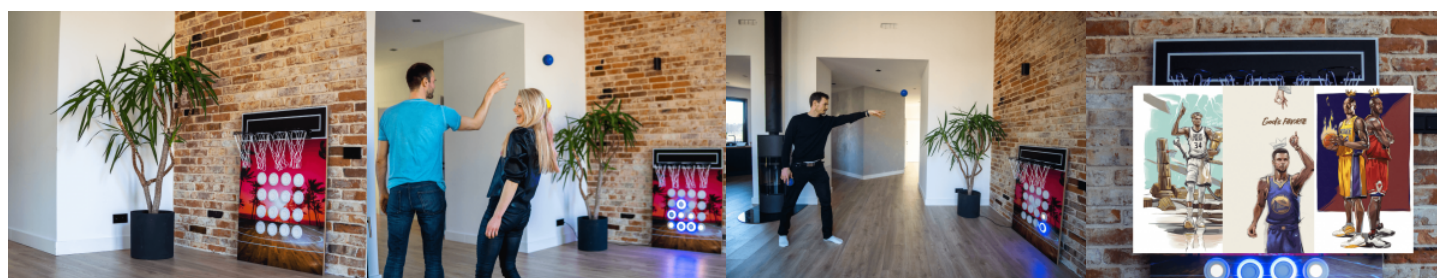

THE3GAME Board is made from premium materials, including metal rims, two-color LED lights, a custom background image, two easy stick-on places on the back, and foam balls.

Players can customize the board's background image by choosing from a collection of designs created by a professional illustrator or by sending in their own designs.

The creators of THE3GAME Board are now launching a crowdfunding campaign to bring their innovative basketball game to the market. This new take on basketball is sure to bring excitement and laughter to homes and offices everywhere.

"We are passionate about basketball and wanted to create a new way for people to play the sport," said Janis Sauss, creator of THE3GAME, "THE3GAME Board is the result of months of hard work and experimentation, and we can't wait to share it with the world."
